RE: In the Matter of Lisa Borders  
Case No. 2008-0078

Dear Mr. Cohen:

On or about September 26, 2008, the Commission received a written, sworn complaint, from Neill Herring alleging a violation of the Ethics in Government Act.

After further investigation into this matter, the Commission staff determined that there is no basis for proceeding with this investigation. Therefore, pursuant to Commission Rule 189-2-.03(5), the Commission staff is administratively dismissing this matter.

If you have any further questions, please contact me directly at (404) 463-1985.

Respectfully,
